## The Care They Deserve

### *The Peace of Mind You Need*

When a loved one needs help beyond what you can give, it can be overwhelming and even devastating. Let us help.

For 30 years, the people of the Greater Philadelphia Area have relied upon our specialization in care management and other services and practices to serve loved ones. We know that independence is critical to maintaining quality of life, and we are dedicated to helping our clients preserve and protect their lifestyle for as long as possible.

Rest assured that you too can put your trust in us.

## Guidance Based on Expertise, Driven by Compassion

Intervention Associates is one of the oldest and most trusted care management organizations of its kind serving the Greater Philadelphia Area. Our mission is to provide unparalleled care management, guardianship, health care power of attorney, and advocacy services to individuals and their families.

We work alongside you as your dedicated guide, catering to your unique circumstances, and navigating your health care options so you can make the best possible decisions for your loved one. We also collaborate with professionals you already trust—attorneys, financial planners, trustees, and others—to build upon the plan you've started to create.

## Values Rooted in Tradition

Intervention Associates is a private, nonprofit, Quaker-based organization—not a franchise. Since our founding in 1986, we've been driven by our calling to serve others, not a drive for corporate earnings.

Over 30 years

of experience in health care and human services.

## We Provide Comprehensive Care Management & Guardianship Services

Intervention Associates can assess and address day-to-day concerns for you or your loved one, no matter their age or condition. Our expertise is in helping adults and children with special needs or other kinds of circumstances including Alzheimer's disease and other types of dementia, chronic illness, age-related decline, mental illness and more.

### *Our care managers provide:*

- Assessment, consultation, recommendations, and detailed care plans
- Coordination and monitoring of all services including navigation of the health care system
- Monthly status reports
- Assistance in moving to or from a care facility
- Arrangement of access to suitable community resources and referrals to specialists
- Help in understanding and obtaining insurance benefits
- Assessment of public benefits: Medicare, Medical Assistance and Waiver Benefits, Supplemental Security Income (SSI), Social Security Disability Income (SSDI), Veterans Benefits

## We Help You Find the Care You Need

Through the decades, Intervention Associates has developed many reliable partnerships and relationships. This enables us to arrange access to useful community services and to provide the right referrals to specialists and care providers.

We have always had a strong connection to Caring Friends Home Care, an in-home care and concierge service provider owned by HouseWorks ([www.house-works.com](http://www.house-works.com)). HouseWorks' success comes from their emphasis on ability rather than disability, recognizing that prolonging and promoting independence is crucial to maintaining quality of life.
